Important Dates:

Abstracts due: August 6, 2021
Final Papers due: August 20, 2021
Early Registration deadline: August 20, 2021

Topics of Interest

The conference emphasizes the use of engineering design and analysis and would strive to maintain a balance between research and application. The conference will cover:

- Applied Operations Research
- Quality Engineering
- CAD/CAM
- Manufacturing Systems
- Manufacturing Automation
- Industrial Automation
- Information Systems
- Production Systems Design, Planning and Control
- System Simulation
- Artificial Intelligence in Industrial Engineering
- Human Resource Management
- Safety Management
- System Engineering and Management
- Service System and Management
- Manufacturing Management
- Total Quality Management
- Project Management
- Technology Management
- Productivity and Business Strategies
- Human Factors
- Industrial Ergonomics and Safety
- Facilities Design and Location
- Work Measurement and Methods Engineering
- Other Topics of Interest in Industrial Engineering

Conference Proceedings

All submitted papers will be *peer-reviewed by the society's technical committee* before publication in the conference proceedings in external media. The conference program with brief abstract for each article will be available before and at the conference. Revised and expanded versions of selected papers registered and presented at the conference will be considered for publication in future issue of Industrial and Systems Engineering Review (ISER) – the society's journal

Student Paper Award

Interested students are encouraged to submit their abstracts with a cover letter indicating their interests in the student paper award, letter from advisor/professor indicating contribution towards the research, and proof of student status (undergraduate or graduate) to a Conference Chair by August 20, 2021. Papers with the student as the sole author or with only one faculty advisor as the registered co-author will be considered for the Student Award.
